

Specifications for Outdoor Pavilion at Centertown Elementary School

The pavilion has been proposed to be built near the western fence of the property on the upper grade hall side of the playground. It is needed to provide shade and shelter for outside activities for older students.

The Base Bid Specifications:

- **Dimensions:** 36' length x 30' wide x 8' to ceiling height
- **Base:** 4 inch concrete pad
- **Support Posts:** 6" x 6" spaced 10' apart
(2' deep in ground/poured with extra-strength concrete 4" below ground level/outside of concrete pad base)
- **Roof:** Metal Roof with gutters (Color: red)
- **Ceiling Joist:** 2' x 6' spaced 24" centers
- **Sidewalk to Pavilion:** approx. 121 feet in length by 5 feet wide above ground.

Alternate Number 1 Bid Specifications:

- Add cost to installing a ½" plywood ceiling to ceiling joist.

Alternate Number 2 Bid Specifications:

- Add cost to sidewalk to Pavilion: approx.. 121 feet in length by 5 feet wide ground level that slopes up to 4 inch concrete base pad.

Contact and/or see School Principal Pam Cowan for more information and/or plans to visit site to look at. (931-939-2261). Alternate numbers 1 and 2 will be added on either one or both if approved by the Centertown School and pending funds. Centertown Elementary School reserves the right to reject or accept bid(s).
